16 Core Fiber Optic Termination Box

Specification

Product Name	16 Cores Optical Distribution Box
Application	Wall-mounted indoor, Pole-mounted outdoor
Dimension (Length/Width/Height)	32*23.5*10cm
Weight	1.5kg
Product Function	It can internally installed 2pcs 1*8 or 1pcs 1*16 mini stainless steel tube optical splitter and 16pcs SC (or LC duplex) fiber optic adapter
Product Material	High quality PC alloy

Features

Material: PC material

Size: 32*23.5*10cm, 1.5kg

Lateral pressure-resistance: 500N

Shock-resistance: 750N

Type: lock type

Item: indoor and outdoor

Installation: pole-mounted wall-mounted

Protection grade: IP65

Adaptor type: SC/LC

Working temperature: -40 ~ +80℃

Application

Optical LAN & WAN & CATV

FTTH project & FTTX Deployments

Broadband High-bit rate data transmission

Active device terminations

Testing instruments

Optical fiber communication networks

PON Networks

Optical Signal Distribution

Constuction Picture

flange slot

metal clip
