

Description:

1U MPO 2X2 Module & Chassis

Our High Density 1U MPO 2X2 Module & Chassis is specially designed to accommodate high density cabling in high end Data Centre and Telecommunication central office environment. Front and rear cable management facilitates provides a neat and tidy solution for managing incoming and exiting cables. This Chassis mountable MPO/MTP patch panel 1U Chassis is loaded with 18 LC QUAD connectors, giving it 72 ports total within 1U of Chassis space; 2U Chassis is loaded with 72 LC Duplex connectors, giving it 144 ports total within 3U of Chassis space.

Features:

72 LC Fiber Ports in 1RU or 144 LC Fiber Ports in 3RU with Flat Front

Available in SM, OM1, OM2, OM3 and OM4 fiber grades

Flat Front Panel for Optimal Cable Routing

Removable Top for Easier Fiber Cable Management

Easily Accessible MPO/MTP Ports for Connection to Trunk Cable

Compliant IEC-61754-7, EIA/TIA-604-5 & RoHS

Factory terminated and tested

MPO/MTP components feature superior optical and mechanical properties
